The Shenandoah Valley Travel Association is a destination marketing organization that strategically promotes the Shenandoah Valley as a preferred travel destination to new and repeat visitors.

SVTA does **NOT** replace your own marketing outreach or become a member's individual PR agency; it **adds** a sustained, professional, and regional collective marketing channel to further amplify member visibility and leverage the Valley's comprehensive tourism product mix.

SVTA delivers this marketing with the support of a professional consultant team including writers, marketers, public relations, social media, and web design services. SVTA is pleased to provide the following marketing channels to grow and enhance the Valley's visibility to the public and the travel industry.

- Year-round online presence, updated monthly on visitshenandoah.org and seasonally on visitskylinedrive.org.
- Year-round public relations, communications, media visits, and media outreach (via a professional firm that coordinates with traditional print media, online media, and bloggers).
- Year-round content marketing support (inbound marketing/blog posts).
- Year-round social media marketing (Facebook, Instagram, and Twitter).
- Year-round digital advertising (mobile, web, and social media).
- Year-round email marketing campaigns.
- Strategic relationship with State marketing partners.
- Integrated "Epic Experiences Ahead" marketing campaign.
- Photography coordination and support
